GOOD FOR YOU, GOOD FOR THE EARTH.

USING THE ALL-BEVERAGE TRAVEL TUMBLER WITH 2-WAY INFUSER/FILTER

FOR HOT TEA: Remove infuser, unscrew the 2 components, place fresh tea leaves or tea bag in infuser basket, lock components back together, and place back in flask. Add hot water and steep to taste (3-5 minutes).

FOR COLD-BREW COFFEE OR TEA:

Remove infuser, unscrew the 2 components, place coarse-ground coffee or fresh tea leaves in infuser basket, lock components back together, and place back in flask. Fill flask with fresh water. Refrigerate for 12-24 hours for coffee or 6-12 hours for tea.

FOR FRUIT-INFUSED WATER:

Remove infuser, unscrew the bottom component, add desired fresh fruits and water in flask, place short filter component back in flask. Allow to infuse.
